

Nanuk Goose Hunting Lodge

Fall Goose Hunting

What to bring list

We suggest packing everything into one large or (two small/medium – 24"x12"x12") soft heavy canvas duffle bags for ease of transportation. Please refrain from bringing any hard suitcases. Please remember that since your luggage is flying into a remote location luggage weight is limited to a maximum of 50 lbs. The lodge features all the comforts of home and casual is comfortable so you don't need to bring a lot.

Field Tip: Always dress and pack in layers!

Our rugged Hudson Bay coast can serve up quite variety weather and like any hunting season you have to be prepared for the unexpected so dressing in layers is best. A warm sunny day (65°F) can easily turn to wind with rain or snow if our weather starts to come out of the north or off the Bay.

Ammunition

Steel shot only. As you will be limited on the number of shells you will be able to bring into camp due to weight and border restrictions (200 rounds) we do offer a pre-order service for shot gun shells. Please notify us at least 30 days prior to your arrival in camp with a shell order, 3" or 3 ½" (**we recommend 2 cases per person**) and we will have it at camp for your arrival. If you would like for us to order ammo for you, you will be invoiced for it and we'll require payment prior to your hunt.

Gun Cases

Commercial Carriers Airline requires you bring a hard gun case to fly into Churchill. We suggest once at Churchill to have a gun sock/soft padded case for your weapon of choice, as no hard cases will be taken into the camp with you.

There is a Satellite phone available at Dymond Lake. Playing cards and crib boards are also available for your enjoyment.

One final note, weight and space is at a premium, and although it is nearly impossible, we like the items to weigh in at 50 lbs maximum. Guests will be allowed one large or two small/medium (24"x12"x12" each) duffle bags, 1 day pack and a gun in sock/soft case for the trip into the goose camp. You must wear full hunting gear for the flights to and from the camp. No street clothes will be allowed on the flight to the camps, street clothes & unnecessary gear is to be left behind in a suitcase. Suitcases, and hard gun cases will be stored in our lock up in Churchill.
